

MEB

Monitoring & Evaluation of Beekeeping

MEB is a web application that helps the National Apiculture Research Institute to manage the beekeeping sites in the Philippines.

WHAT IS MEB?

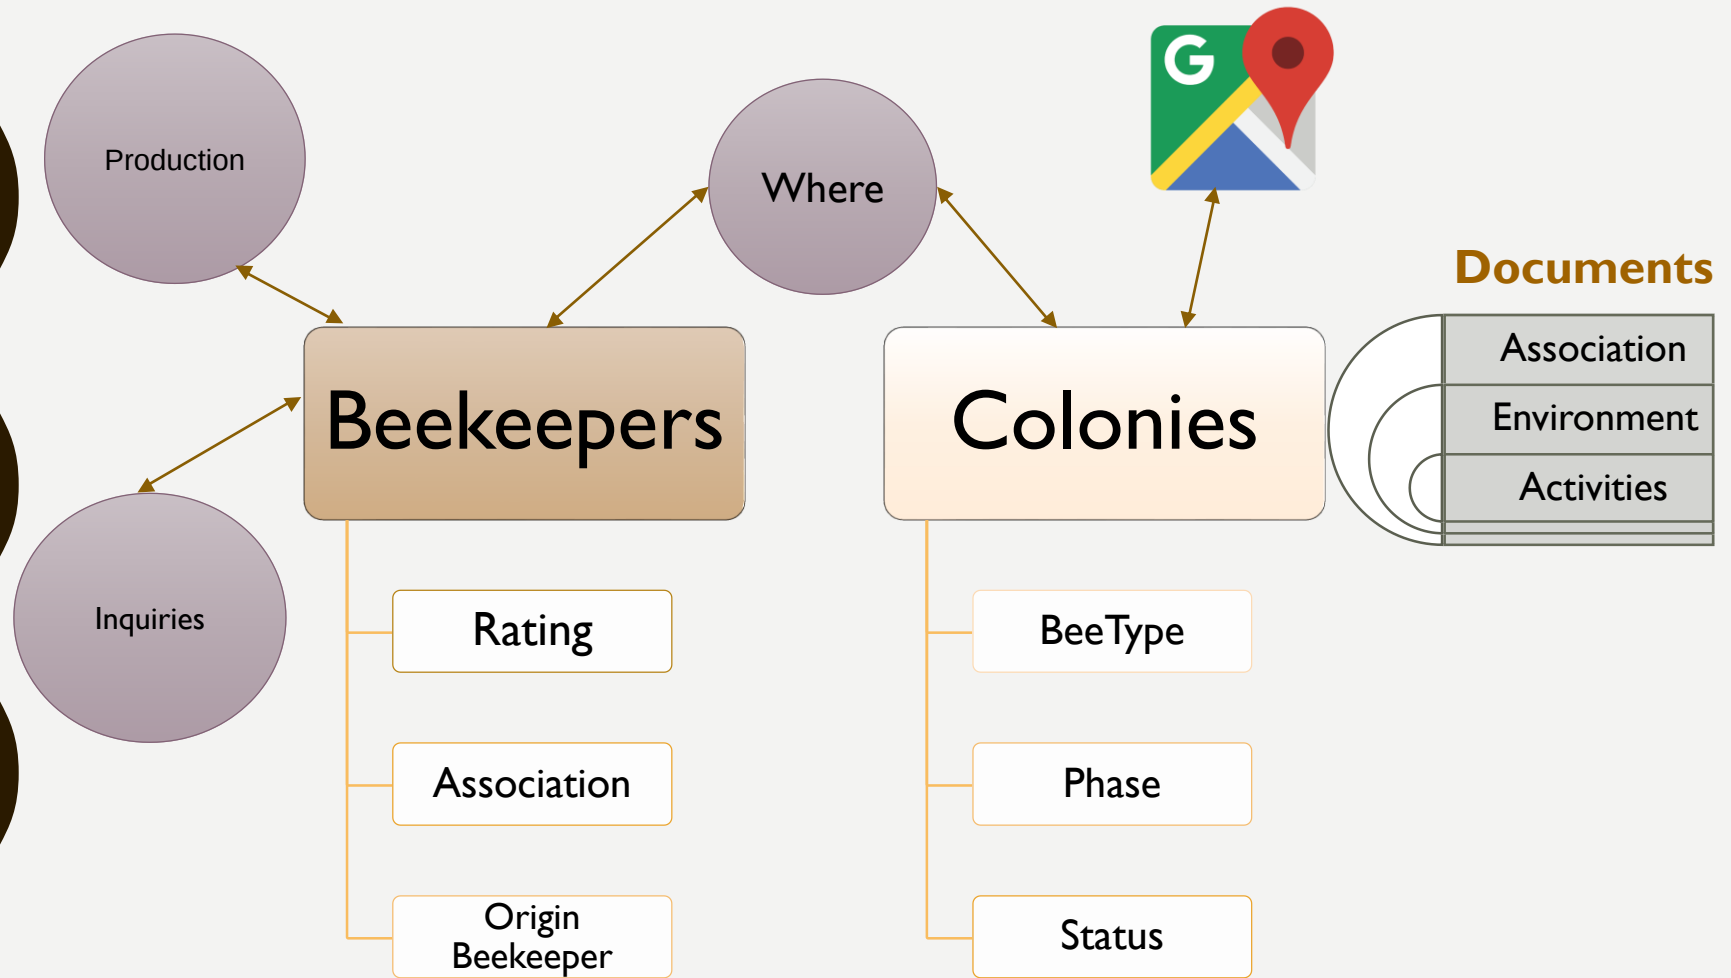

MEB TOOLS

- ✓ Easy to use
- ✓ Customizable
- ✓ Efficiency
- ✓ Report flexibility

MEB DATABASE

MONITORING & EVALUATION

- The system helps to monitor and evaluate the beekeeping sites.
- Profile of the beekeepers, associations, locations, colonies are grouped in the same place.

MEB DASHBOARD

Give a summary of the members registered on the site
